A3

Dimension: 385mm×305mm×353mm

Weight: 15 Kg

Tablet PC

Touch Screen

Intelligent and intuitive operation interface

Test Channel

- Independent Module, Supporting Multimachine series
- 1-48 modules freely combined to meet more samples simultaneous detection

Serial port

Connect with other device

SimplyRead

- One Step Operation
- Quantitative Sample collection
- Quantitative Reagent Filling
- Single Package For Liquid Reagents

Results printed automatically

Status Display

- Situation of each channel
- Real-time test result of each channel

Barcode Scanner

Automatically reading of batch number and calibration information in the barcode

3-level Calibration System

- Hardware calibration
- Network calibration

Collect sample

Insert into cuvette

SAS-Cov-2	D-Dimer	HbA1c	PGII
2019-nCoV lgM / lgG Antibody	HDL-C	Crea	HP
SAS-Cov-2-Antigen	TG	mALB	G17
Infection	BNP	Cys-C	Liver function
CRP	NT-ProBNP	α1-MG	PA
hs-CRP	тсно	β2-MG	TRF
РСТ	FER	NGAL	ADA
SAA	HCY	RBP	Autoimmunity
НВР	cTn I	Rheumatism	IgA
Cardiovascular	MYO	ASO	IgM
H-FABP	LDL-C	RF	IgE
СК-МВ	MPO	Anti-CCP	IgG
LP (a)	cTnT	Gastric Function	Hormone
Lp-PLA2	Renal function	PGI	HCG
